

# 5-Year Moderation Plan

**careerforce**  
Community Support Services ITO Ltd

**2010-2014**

## Introduction

The Careerforce Five-year Moderation Plan 2010-2014 sets out – by qualification – the constituent unit standards which Careerforce intends to moderate each year within the five-year period 2010-2014. In addition to this five-year moderation plan, Careerforce may select further unit standards for moderation in any one year, in response to:

- the volume of credits being registered on to the NQF; and/or
- any exposure to risk associated with a particular unit standard.

Certain Careerforce qualifications contain unit standards that fall under the responsibility of other standard setting bodies, e.g. Unit Standard 497 *Protect health and safety in the workplace*, which is included in the National Certificate in Mental Health (Mental Health Support Work) Level 4. These unit standards have been identified by **bold print**. From time to time the relevant standard setting body for these identified unit standards requires Careerforce to submit samples of assessment to meet its AMAP conditions.

Where there have been no assessments against a scheduled unit standard, moderation of that unit standard will be postponed until the following year.

## Integrated assessments and recognition of current competency (RCC)

In the case of moderation of:

- integrated assessments for a set of unit standards or a qualification; *or*
- unit standards/qualification gained wholly or in part through RCC;

a moderation package will replace moderation by individual unit standards.
