

Feedback comment prompts for Assessors

Using Aka Toi for marking

Sometimes you can get prompts for feedback from reading the judgment statement associated with each question in Aka Toi. Does the statement list some specific things to look for? If yes and you can identify them in the answer, then you might include them in your feedback. For example, for 23385 Task 1: Advocacy and self-advocacy question 2, you might write something like... *'Well done, you have accurately described self-advocacy and explained why it is important'*; these words are in the judgment statement.

Here are some other prompts you might like to adapt for your use.

Achieved	More evidence required (MER)
A pleasure to mark	A good answer but we cannot include client details, please remove ...
