New Zealand Certificate in Cleaning (Level 3)

Qualification and programme overview

This qualification is for experienced cleaners who want to gain general skills and knowledge to be able to deliver, guide and promote safe and high-quality cleaning services.

This pathway is for generalist cleaning staff wanting to gain recognition for being able to work knowledgeably, safely and with limited supervision. Graduates will be awarded the New Zealand Certificate in Cleaning (Level 3).

The programme includes developing and/or recognising the following competencies in your staff:

- Carrying out generic cleaning duties autonomously and efficiently.
- Applying an understanding of health and safety legislative requirements when responding to risks for themselves and others in the workplace, and for the general public.
