

New Zealand Apprenticeship in Brain Injury Rehabilitation Support

New Zealand Certificate
in Health and Wellbeing
(Level 4) Rehabilitation Support,
Brain Injury strand

124 credits

Expected duration:
20 months

Ideal for:

- Brain Injury Rehabilitation Assistants
- Rehabilitation Support Staff employed in hospital, residential and community-based settings

Programme overview

This apprenticeship programme leads to the awarding of the New Zealand Certificate in Health and Wellbeing (Level 4) Rehabilitation Support, Brain Injury strand qualification.

It is well-supported and resourced with a team of Apprenticeship Advisors providing pastoral care and support.

The Brain Injury Rehabilitation Support apprenticeship programme gives your staff the training they need to work alongside people living with or rehabilitating from a brain injury.

Apprentices will learn the tools and strategies to help maximise the independence of the people they support, help achieve their rehabilitation goals, help them live the best life possible, and support their family and whānau.

How the learning is delivered and assessed

This apprenticeship programme is delivered in the workplace, with the support of the employer and Careerforce.

Learning and assessments are done through Aka Toi, the Careerforce online learning platform. Access to interactive learning activities, theory content and assessments is available for this programme.

Workplace and apprentice requirements

Workplace: The employer is responsible for coordinating the apprentice's on-job training activities and support in the workplace. They are encouraged to work alongside Careerforce to support staff to remain motivated and successful in their apprenticeship journey.

Apprentice: Apprentices are encouraged to be organised, engaged and committed to their apprenticeship. They also need to complete 10 credits within the first three months and at least one module every six months.

Grants and funding available

Several grants and funding options are available to help meet the costs of attaining Careerforce qualifications. You can view these options at careerforce.org.nz/fees-funding

Learning outcomes:

- Working collaboratively with health and wellbeing professionals and others to support a person to rehabilitate and/or live the best life possible.
- Actively contributing to a culture of professionalism, safety, and quality in your workplace.
- Demonstrating a knowledge of kawa and tikanga and the ability to relate the unique place Māori have as tangata whenua in Aotearoa in their role.
- Providing leadership and/or education or training support in a health or wellbeing setting.
- Working alongside people, and/or their natural supports, family and/or whānau in a supportive and/or rehabilitation setting to maximise their independence and achieve their rehabilitation goals.
- Applying relevant skills and knowledge to support a person living with or undertaking rehabilitation from brain injury.

How to get started

Workplaces can enrol learners at any time, but first:

- The employer and learner must agree to the suitability of the programme to complete.
- Contact the Careerforce Workplace Advisor for your region at careerforce.org.nz/cwa
